

# 8<sup>th</sup> International Copper Meeting Copper in Biology

September 30 to October 5, 2012  
Alghero, Sardinia, Italy

The 8<sup>th</sup> International Copper Meeting on "Copper in Biology" will take place at the site of the 2010 meeting, the Hotel Calabona in Alghero, Sardinia, Italy. The meeting will cover all aspects of copper-related research and is designed to provide a maximum of informal discussion and personal interaction.

We cordially invite you to participate in and to contribute to the 8<sup>th</sup> International Copper Meeting and thus to help make this meeting a stimulating and propelling experience at the forefront of science.
