Categories of the ARCS Model ........................................ 44
Research Support .................................................. 46
Subcategories and Major Supporting Strategies ............... 47
  Attention Getting Strategies ................................... 47
  Relevance Producing Strategies ............................... 48
  Confidence Building Strategies ............................... 50
  Satisfaction-Generating Strategies ......................... 52
Relationships Among the Categories ........................... 54
The Systematic Process of Motivational Design .......... 55
  Motivational Design .......................................... 56
Integration of Motivational Design and Instructional Design 65
  ARCS and ISD: Point-by-Point Comparisons ............... 68
Applying the Process ........................................... 73
Summary .......................................................... 74

Chapter 4: Generating and Sustaining Attention ............ 75
  Forethought .................................................... 75
  Introduction .................................................. 75
  Psychological Basis for Attention ........................... 75
    Arousal Theory and Early Concepts ....................... 76
    Curiosity ................................................ 77
    Boredom ................................................ 88
    Sensation Seeking ........................................ 91
Strategies for Attention and Curiosity ........................ 92
  A.1. Capture Interest ......................................... 93
  A.2. Stimulate Inquiry ....................................... 94
  A.3. Maintain Attention ..................................... 95
Summary .......................................................... 96

Chapter 5: Establishing and Supporting Relevance ........ 97
  Forethought .................................................... 97
  Introduction .................................................. 98
  What Is Meant By Relevance? ................................. 98
  Psychological Basis for Relevance .......................... 99
    Goal Choice ............................................... 99
    Motives .................................................. 105
    Future Orientation and Future Time Perspective ....... 109
    Goal Orientation ......................................... 112
    Interest .................................................. 113
    Intrinsic Motivation ...................................... 117
    Flow .................................................... 120
    Transition ............................................... 125
Strategies for Relevance ....................................... 125
  R.1. Relate to Goals ......................................... 126
  R.2. Match Interests ......................................... 128
Chapter 6: Building Confidence

Forethoughts
Introduction
Psychological Basis for Confidence
Locus of Control
Origin-Pawn Theory
Self-Efficacy
Effects of Self-Efficacy
Attribution Theory
Self-Fulfilling Prophecy
Teacher (Manager) Self-Efficacy
Learned Helplessness
Learned Optimism
Ability Beliefs
Transition
Strategies for Building Confidence
C.1. Success Expectations
C.2. Success Opportunities
C.3. Personal Responsibility
Summary

Chapter 7: Managing Outcomes for Satisfaction

Forethought
Introduction
Psychological Basis for Satisfaction
Reinforcement and Conditioning
Relationship Between Extrinsic Reinforcement and Intrinsic Motivation
Cognitive Evaluation and Satisfaction
Transition
Strategies to Promote Feelings of Satisfaction
S.1. Intrinsic Satisfaction
S.2. Rewarding Outcomes
S.3. Fair Treatment
Summary

Chapter 8: Identifying Motivational Problems

Forethought
Introduction: Beginning the Design Process
Step 1: Obtain Course Information
Overview
Instructions for Worksheet 1: Obtain Course Information
<table>

**Chapter 9: Identifying Motivational Goals and Tactics**

- Forethoughts                        231
- Introduction                       232
- Step 5: List Objectives and Assessments. 235
  - Overview                          235
  - Instructions for Worksheet 5: List Objectives and Assessments 236
  - Examples                          238
  - Summary                           240
- Step 6: List Potential Tactics      241
  - Overview                          241
  - Instructions for Worksheet 6: List Potential Tactics 241
  - Sample Worksheets                 242
  - Transition                        248
- Step 7: Select and Design Tactics   248
  - Overview                          248
  - Instructions for Worksheet 7: Select and Design Tactics 250
  - Sample Worksheets                 253
  - Summary                           253

**Chapter 10: Integrating Motivational and Instructional Strategies**

- Forethought                         255
- Introduction                       255
- Step 8: Integrate with Instructional Design 256
  - Overview                          256
  - Instructions for Worksheet 8 – Detailed Lesson Plan 257
