Contents

Part I Introduction

1 Continuous Software Engineering: An Introduction ....................... 3
   Jan Bosch

2 Climbing the “Stairway to Heaven”: Evolving From Agile Development to Continuous Deployment of Software ..................... 15
   Helena Holmström Olsson and Jan Bosch

3 Academia–Industry Collaboration: Getting Closer is the Key! ........ 29
   Anna Sandberg

Part II Agile Practices

4 Role of Architects in Agile Organizations ................................. 39
   Antonio Martini, Lars Pareto, and Jan Bosch

5 Teams Interactions Hindering Short-Term and Long-Term Business Goals ......................................................... 51
   Antonio Martini, Lars Pareto, and Jan Bosch

6 A Framework for Speeding Up Interactions Between Agile Teams and Other Parts of the Organization ................................. 67
   Antonio Martini, Lars Pareto, and Jan Bosch

7 Customer-Specific Teams for Agile Evolution of Large-Scale Embedded Systems .......................................................... 83
   Helena Holmström Olsson, Anna B. Sandberg, and Jan Bosch
Part III Continuous Integration

8 The CIViT Model in a Nutshell: Visualizing Testing Activities to Support Continuous Integration ........................................... 97
Agneta Nilsson, Jan Bosch, and Christian Berger

9 Continuous Integration Flows ........................................... 107
Daniel Ståhl and Jan Bosch

10 Towards Continuous Integration for Cyber-Physical Systems on the Example of Self-Driving Miniature Cars ........... 117
Christian Berger

11 Industrial Application of Visual GUI Testing: Lessons Learned ................................................................. 127
Emil Alégroth and Robert Feldt

Part IV R&D as an Innovation System

12 Post-deployment Data Collection in Software-Intensive Embedded Products ...................................................... 143
Helena Holmström Olsson and Jan Bosch

13 The HYPEX Model: From Opinions to Data-Driven Software Development ...................................................... 155
Helena Holmström Olsson and Jan Bosch

Part V Organizational Performance Metrics

14 Profiling Prerelease Software Product and Organizational Performance ......................................................... 167
Vard Antinyan, Miroslaw Staron, and Wilhelm Meding

15 Industrial Self-Healing Measurement Systems ..................... 183
Miroslaw Staron and Wilhelm Meding

Part VI Industry Best Practices and Case Studies

16 Experiences from Implementing Agile Ways of Working in Large-Scale System Development ....................... 203
Jonas Wigander

17 Scaling Agile Mechatronics: An Industrial Case Study ............... 211
Jonn Lantz and Ulf Eliasson

Index .................................................................................. 223
Continuous Software Engineering
Bosch, J. (Ed.)
2014, XIV, 226 p. 50 illus., 30 illus. in color., Hardcover
