Contents

Part I  Introduction
1  Continuous Software Engineering: An Introduction  ............... 3
   Jan Bosch
2  Climbing the “Stairway to Heaven”: Evolving From Agile
   Development to Continuous Deployment of Software ............ 15
   Helena Holmström Olsson and Jan Bosch
3  Academia–Industry Collaboration: Getting Closer is the Key!   29
   Anna Sandberg

Part II  Agile Practices
4  Role of Architects in Agile Organizations ....................... 39
   Antonio Martini, Lars Pareto, and Jan Bosch
5  Teams Interactions Hindering Short-Term and Long-Term
   Business Goals ....................................................... 51
   Antonio Martini, Lars Pareto, and Jan Bosch
6  A Framework for Speeding Up Interactions Between Agile Teams
   and Other Parts of the Organization ............................ 67
   Antonio Martini, Lars Pareto, and Jan Bosch
7  Customer-Specific Teams for Agile Evolution of Large-Scale
   Embedded Systems ................................................. 83
   Helena Holmström Olsson, Anna B. Sandberg, and Jan Bosch
Contents

Part III Continuous Integration

8 The CIViT Model in a Nutshell: Visualizing Testing Activities to Support Continuous Integration .................................... 97
Agneta Nilsson, Jan Bosch, and Christian Berger

9 Continuous Integration Flows .......................................... 107
Daniel Ståhl and Jan Bosch

10 Towards Continuous Integration for Cyber-Physical Systems on the Example of Self-Driving Miniature Cars ................. 117
Christian Berger

11 Industrial Application of Visual GUI Testing: Lessons Learned ... 127
Emil Alégroth and Robert Feldt

Part IV R&D as an Innovation System

12 Post-deployment Data Collection in Software-Intensive Embedded Products ............................................... 143
Helena Holmström Olsson and Jan Bosch

13 The HYPEX Model: From Opinions to Data-Driven Software Development ................................................. 155
Helena Holmström Olsson and Jan Bosch

Part V Organizational Performance Metrics

14 Profiling Prerelease Software Product and Organizational Performance ......................................................... 167
Vard Antinyan, Miroslaw Staron, and Wilhelm Meding

15 Industrial Self-Healing Measurement Systems .................... 183
Miroslaw Staron and Wilhelm Meding

Part VI Industry Best Practices and Case Studies

16 Experiences from Implementing Agile Ways of Working in Large-Scale System Development .......................... 203
Jonas Wigander

17 Scaling Agile Mechatronics: An Industrial Case Study ............. 211
Jonn Lantz and Ulf Eliasson

Index .................................................................................. 223
