1 Introduction ............................................. 1
   References ............................................. 5

2 Setting the Background .................................. 7
   References ............................................. 9

3 The Industry of Plant Breeding ......................... 11
   3.1 The Significance of Plant Breeding in Society ....... 11
       3.1.1 Plant Breeding and Food Production .......... 12
       3.1.2 Plant Breeding and Biodiversity ............. 14
       3.1.3 Plant Breeding and Sustainability ............. 16
       3.1.4 Plant Breeding and Economic Growth .......... 17
   3.2 The Evolution of Plant Breeding: From the Farmer to the
       Industry ............................................ 19
       3.2.1 Industrial Plant Variety Production .......... 21
       3.2.2 Concentration in the Seed Market .......... 23
       3.2.3 Final Remarks ................................ 26
   References ............................................. 26

4 Intellectual Property in Plant Breeding ............... 31
   4.1 Legal Aspects of Intellectual Property in Plant Breeding .... 32
       4.1.1 Patent Rights ................................ 35
       4.1.2 Breeder’s Rights ............................. 56
       4.1.3 Patents and Breeder’s Rights: A Comparison .... 62
       4.1.4 The Introduction of the Breeding Exception to Patent
            Rights .......................................... 64
   4.2 The Function of Intellectual Property in Plant Breeding .... 66
       4.2.1 The Economic Function of Patent Protection .... 67
       4.2.2 The Economic Function of Breeder’s Rights .... 69
       4.2.3 New Institutional Economics of Intellectual Protection
            in Plant Breeding .................................. 70
5 Conceptualizing the Breeding Exception to Patent Rights: A Legal and Economic Appraisal

5.1 Defining Exceptions to Patent Rights

5.1.1 The Rationale of Exceptions to Patent Rights

5.1.2 Research Exceptions to Patent Rights: An Overview of National Practices

5.1.3 Differentiating Research Exceptions to Patent Rights

5.1.4 Final Remarks

5.2 Conceptualizing the Breeding Exception

5.2.1 The Concept of the Breeding Exception

5.2.2 The Need for a Breeding Exception to Patent Rights: A Legal Assessment

5.2.3 The Need for a Breeding Exception to Patent Rights: An Economic Assessment

5.2.4 The Breeding Exception as a Response to a Potential Anticommons

5.2.5 Final Remarks

6 The Breeding Exception to Patent Rights: Analysis of Compliance with Article 30 of the TRIPS Agreement

6.1 Principles of Interpretation

6.2 The Interpretation of Article 30 in the EC-Canada Case

6.3 A Limited Breeding Exception Under Article 30

6.3.1 First Condition: Limited Exception

6.3.2 Second Condition: Not Unreasonably Conflict with a Normal Exploitation of the Patent

6.3.3 Third Condition: Not Unreasonably Prejudice the Legitimate Interests of the Patent Owner, Taking Account of the Legitimate Interests of the Third Parties

6.3.4 The Non-discrimination Clause of Article 27.1

6.3.5 The Reasonableness Test

6.3.6 The Reasonableness Test and the Link to International Trade

6.4 A Comprehensive Breeding Exception Under Article 30 of the TRIPS Agreement

6.4.1 First Condition: Limited Exception

6.4.2 Second Condition: Not Unreasonably Conflict with a Normal Exploitation of the Patent
