## Contents

1 **Introduction** .................................................. 1  
  1.1 Introduction ........................................... 1  
  References .................................................. 3  

2 **Open Innovation** ........................................... 5  
  2.1 Models for Open Innovation .................................. 6  
    2.1.1 Crowdsourcing ......................................... 6  
    2.1.2 Product Platforming .................................... 6  
    2.1.3 Collaborative Innovation Network ..................... 7  
    2.1.4 Innovation Contest ................................... 7  
  2.2 Digital Innovation ........................................ 7  
  2.3 Read More .............................................. 8  
  References .................................................. 9  

3 **Open Digital Innovation Contest** .......................... 11  
  3.1 Stakeholders in Digital Innovation Contests ............... 11  
  3.2 Kinds of Innovation Contests ............................. 12  
  3.3 Innovation Contests as Innovation Intermediaries .......... 14  
    3.3.1 Design Elements of Open Digital Innovation Contests .... 15  
    3.3.2 Pitfalls in Organising Innovation Contests .......... 16  
  3.4 Advantages and Disadvantages of Digital Innovation Contests ............. 17  
  3.5 Cases as Running Examples in the Book .................... 17  
  3.6 Further Reading ......................................... 20  
  References .................................................. 21
4 Organising Open Digital Innovation Contests ........................................ 23
4.1 A Structured Approach .................................................. 23
4.2 The Pre-contest Phase .................................................. 24
  4.2.1 Set Goals .......................................................... 24
  4.2.2 Engage Stakeholders .............................................. 25
  4.2.3 Design Contest ...................................................... 25
  4.2.4 Develop Platform .................................................. 25
  4.2.5 Monitor Contest ...................................................... 25
4.3 The Contest Phase ...................................................... 25
  4.3.1 Motivate Developers ............................................... 26
  4.3.2 Manage Operations ................................................ 26
  4.3.3 Evaluate Contribution .............................................. 26
4.4 The Post-contest Phase .................................................. 26
  4.4.1 Develop Strategy .................................................... 27
  4.4.2 Manage Barriers .................................................... 27
  4.4.3 Design Business Model .......................................... 27

5 Set Contest Goals .......................................................... 29
5.1 Types of Goals .......................................................... 30
  5.1.1 Outside-In Type of Goal ......................................... 30
  5.1.2 Inside-Out Type of Goal ......................................... 31
  5.1.3 Coupled Type of Goals .......................................... 31
  5.1.4 Non-innovation Type of Goal ................................... 31
5.2 Relationships Between Types of Goals ................................ 32
5.3 Why Are Goals Needed? ................................................ 32
5.4 Activity Description .................................................... 32
  5.4.1 Sub-activities ....................................................... 33
5.5 Running Example ....................................................... 33
5.6 Guidelines ............................................................... 34
5.7 Read More ............................................................... 34
References ................................................................. 35

6 Engage Contest Stakeholders ............................................... 37
6.1 Organizer ................................................................. 38
6.2 Participant ............................................................... 40
6.3 Resource Provider ....................................................... 41
6.4 Beneficiary ............................................................... 43
6.5 Activity Description .................................................... 44
  6.5.1 Sub-activities ....................................................... 45
6.6 Running Example ....................................................... 45
6.7 Read More ............................................................... 46
Reference ................................................................. 47

14.7 Running Examples .................................. 121
14.7.1 Open Data Resource Provider—Example City of Stockholm .................................. 121
14.7.2 Catalyst—Example Viktoria Swedish ICT ............. 122
14.7.3 Service Provider—Example Volvo Car Corporation ............................................ 122
14.7.4 Innovation Partner—Example HiQ ................................ 122
References ............................................... 122

15 Monitor Contest ......................................... 123
15.1 Method Description .................................. 124
15.1.1 Phase 1: Design Measurement Model ............. 125
15.1.2 Phase 2: Refine Model in Use .................. 125
15.1.3 Phase 3: Learn and Communicate ............... 126
15.2 Running Example ................................... 127
15.2.1 Goals ..................................... 127
15.2.2 Contest Process ................................ 127
15.2.3 Measurement Model ............................. 128
15.2.4 Planning Phase ................................ 129
15.2.5 Ideas ..................................... 130
15.2.6 Service Design Phase ........................... 130
15.2.7 Preparation Phase Running Example .......... 131
15.2.8 Implementation Phase Running Example ....... 131
15.2.9 Exploitation Phase Running Example .......... 132
15.3 Guidelines ......................................... 133
