Contents

Part I Characterization

Neurogenesis in the Adult Mammalian Brain: How Much Do We Need, How Much Do We Have? .................. 3
Ilias Kazanis

Neurogenesis and Hippocampal Plasticity in Adult Brain ........... 31
Yan Gu, Stephen Janoschka and Shaoyu Ge

Adult-Born Neurons in the Olfactory Bulb: Integration and Functional Consequences ........................... 49
Gilles Gheusi, Gabriel Lepousez and Pierre-Marie Lledo

Network, Cellular, and Molecular Mechanisms Underlying Long-Term Memory Formation .................... 73
Mariana Carasatorre and Víctor Ramírez-Amaya

Neurotrophins and Synaptic Plasticity ......................... 117
Andrea Gómez-Palacio-Schjetnan and Martha L. Escobar

Part II Environmental Factors

Differential Effects of Stress and Glucocorticoids on Adult Neurogenesis ................................. 139
Timothy J. Schoenfeld and Elizabeth Gould

Effects of Environmental Enrichment Exposure on Synaptic Transmission and Plasticity in the Hippocampus 165
Michael J. Eckert and Wickliffe C. Abraham
All About Running: Synaptic Plasticity, Growth Factors and Adult Hippocampal Neurogenesis ........................................ 189
Carmen Vivar, Michelle C. Potter and Henriette van Praag

The Effect of Systemic Chemotherapy on Neurogenesis, Plasticity and Memory .................................................. 211
Peter Wigmore

Part III  Diseases

Novel Insights into Depression and Antidepressants: A Synergy Between Synaptogenesis and Neurogenesis? .................. 243
Francis Rodriguez Bambico and Catherine Belzung

Deficient Plasticity in the Hippocampus and the Spiral of Addiction: Focus on Adult Neurogenesis ................................. 293
Juan J. Canales

Prolonged Running, not Fluoxetine Treatment, Increases Neurogenesis, but does not Alter Neuropathology, in the 3xTg Mouse Model of Alzheimer’s Disease ........................................ 313
Michael W. Marlatt, Michelle C. Potter, Thomas A. Bayer, Henriette van Praag and Paul J. Lucassen

Part IV  Ageing and Repair

Hippocampal Neurogenesis and Ageing ........................................... 343
Sébastien Couillard-Després

Repair of the CNS Using Endogenous and Transplanted Neural Stem Cells ................................................................. 357
R. C. Trueman, A. Klein, H. S. Lindgren, M. J. Lelos and S. B. Dunnett

Index ................................................................. 399
Neurogenesis and Neural Plasticity
Belzung, C.; Wigmore, P. (Eds.)
2013, X, 401 p., Hardcover
ISBN: 978-3-642-36231-6
