## Contents

### Part I  Gastrointestinal Physiology

1. **Regulation of Gastrointestinal Functions**  
   Eugene B. Chang and Po Sing Leung  
   p. 3

2. **Gastrointestinal Motility**  
   Eugene B. Chang and Po Sing Leung  
   p. 35

3. **Gastric Physiology**  
   Eugene B. Chang and Po Sing Leung  
   p. 63

4. **Pancreatic Physiology**  
   Eugene B. Chang and Po Sing Leung  
   p. 87

5. **Intestinal Water and Electrolyte Transport**  
   Eugene B. Chang and Po Sing Leung  
   p. 107

### Part II  Nutritional Physiology

6. **Digestion and Absorption of Carbohydrates and Proteins**  
   Michael D. Sitrin  
   p. 137

7. **Digestion and Absorption of Dietary Triglycerides**  
   Michael D. Sitrin  
   p. 159

8. **Digestion and Absorption of Other Dietary Lipids**  
   Michael D. Sitrin  
   p. 179

9. **Absorption of Water-Soluble Vitamins and Minerals**  
   Michael D. Sitrin  
   p. 211

### Part III  Hepatobiliary Physiology

10. **Structure, Functional Assessment, and Blood Flow of the Liver**  
    Dennis D. Black  
    p. 237
11 Protein Synthesis and Nutrient Metabolism ............................. 271
   Dennis D. Black

12 Biotransformation, Elimination and Bile Acid Metabolism ........... 295
   Dennis D. Black

Part IV  Review Examination

13 Multiple Choice Questions ..................................................... 327
   Dennis D. Black, Eugene B. Chang, Po Sing Leung, and Michael D. Sitrin

Index .......................................................................................... 357
The Gastrointestinal System
Gastrointestinal, Nutritional and Hepatobiliary Physiology
Leung, P.S. (Ed.)
2014, XIII, 364 p. 161 illus., 108 illus. in color., Hardcover
ISBN: 978-94-017-8770-3
