Contents

1 Factors and Soil Formation ........................................ 1
  1.1 Introduction ............................................. 1
  1.2 Geomorphology and Geology .................................. 1
  1.3 Climate and Vegetation .................................... 5
  1.4 Human Activity Factors .................................... 6
  1.5 Soil Classification ....................................... 8
References ....................................................... 10

2 Soil Survey, Information System, and Soil Classification .......... 11
  2.1 History .................................................. 11
  2.2 Survey Report and Mapping .................................. 12
    2.2.1 Reconnaissance Soil Survey of Taiwan Province
             (1946–1952) ............................................ 13
    2.2.2 Detailed Soil Survey of Taiwan Rural Soils
    2.2.3 Detailed Soil Survey of Taiwan Hill Land (1980–1988) .... 13
    2.2.4 Soil Survey of Productivity Grade of Taiwan Upland
             (1986–1990) ............................................ 13
    2.2.6 Detailed Soil Survey of Taiwan Forest Soils in Mountains
             (1993–2002) ............................................ 14
    2.2.7 Detailed Grid Soil Survey of Taiwan Rural Soils
             (2000–2010) ............................................ 14
    2.2.8 Soil Quality Monitoring Project After Different Soil
             Management System (1997–2007) ....................... 15
  2.3 Soil Information System (Application and Education) ............ 15
    2.3.1 Soil Information Apply to Low Productivity
             Land Assessment ........................................ 15
    2.3.2 Soil Information Apply to Soil Liquefaction Assessment .... 16
    2.3.3 Soil Information Apply to Food Safety ..................... 16
    2.3.4 Soil Museum for Soil Function Education ................... 17
  2.4 Pedology Studies in Taiwan ................................... 18
    2.4.1 The Soil Characteristics and Genesis of Soils Derived
             from Different Parent Materials (1960–1975) ........... 18
    2.4.2 The Soil Characteristics and Genesis of Rice-Growing
             Soils of Ultisols (1980–2005) .......................... 18
    2.4.3 The Soil Characteristics and Genesis of Podzolic Soils
    2.4.4 The Soil Characteristics and Genesis of Volcanic Soils
             (1990–2005) ............................................ 19
    2.4.5 The Soil Genesis and Geomorphology on River
             and Marine Terraces (2005–Present) .................... 19
  2.5 Work Needs in the Future .................................... 21
References ....................................................... 21
The Soils of Taiwan
Chen, Z.-S.; Hseu, Z.-Y.; Tsai, C.-C.
2015, XIII, 127 p. 78 illus., 68 illus. in color., Hardcover
ISBN: 978-94-017-9725-2
