Personalized Microtopic Recommendation with Rich Information . . . . . . . . . . 1
  Yang Li, Jing Jiang, Ting Liu, and Xiaofei Sun

PRISM: Profession Identification in Social Media with Personal
Information and Community Structure . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 15
  Cunchao Tu, Zhiyuan Liu, and Maosong Sun

A Gaussian Copula Regression Model for Movie Box-office Revenue
Prediction with Social Media . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 28
  Junwen Duan, Xiao Ding, and Ting Liu

Personalized Hashtag Suggestion for Microblogs . . . . . . . . . . . . . . . . . . . . 38
  Juan Xu, Qi Zhang, and Xuanjing Huang

Hybrid Model Based Influenza Detection with Sentiment Analysis from
Social Networks . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 51
  Xiao Sun, Jiaqi Ye, and Fuji Ren

Do Photos Help Express Our Feelings: Incorporating Multimodal Features
into Microblog Sentiment Analysis . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 63
  Tianyi Liu, Fei Jiang, Yiqun Liu, Min Zhang, and Shaoping Ma

Nugget-Based First Story Detection in Twitter Stream . . . . . . . . . . . . . . . . . 74
  Yongqin Qiu, Sixu Li, Rui Li, Lihong Wang, and Bin Wang

Dirichlet Process Mixture Model for Summarizing the Social Web . . . . . . . 83
  Xinjun Guan, Ying Yang, Xinru Yang, and Chen Lin

Approaches to Detect Micro-Blog User Interest Communities Through
the Integration of Explicit User Relationship and Implicit Topic Relations . . 95
  Yu Qin, Zhengtao Yu, Yanbing Wang, Shengxiang Gao, and Linbin Shi

Supervised Link Prediction Using Random Walks . . . . . . . . . . . . . . . . . . . . 107
  Yuechang Liu, Hanghang Tong, Lei Xie, and Yong Tang

FCL: A New Network Words Extraction Approach Based on Statistical
Language Knowledge . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 119
  Lili Mei, Heyan Huang, Xiaochi Wei, Peng Yuan, and Xian-Ling Mao

Systematic Comparison of Question Target Classification Taxonomies
Towards Question Answering . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 131
  Tianyong Hao, Wenxiu Xie, Chun Chen, and Yuming Shen
Combining Convolutional Neural Network and Support Vector Machine for Sentiment Classification .......................................................... 144
   Yuhui Cao, Ruifeng Xu, and Tao Chen

A Novel Cross Modal Hashing Algorithm Based on Multi-modal Deep Learning .......................................................... 156
   Wen Qu, Daling Wang, Shi Feng, Yifei Zhang, and Ge Yu

Predicting Who Will Retweet or Not in Microblogs Network ......................... 168
   Jun Zhou, Zhen Zhang, Bing Wang, Yan Zhang, and Yonghong Yan

Predicting User Relationship from Scratch ............................................. 176
   Xiaoxia Liu, Hongfei Lin, and Zhihao Yang

Detecting Overlapping and Hierarchical Communities in Complex Network Based on Maximal Cliques ........................................... 184
   Zhenhua Huang, Zhenyu Wang, and Zhiwei Zhang

The Expert Ranking Method Based on Listwise with Associated Features ... 192
   Sichao Wei, Zhengtao Yu, Fangqiong Chen, Cunli Mao, and Jianyi Guo

Generating Triples Based on Dependency Parsing for Contradiction Detection .......................................................... 200
   Luyang Li, Bing Qin, and Ting Liu

Improving Conversational Spoken Language Machine Translation via Pronoun Recovery .......................................................... 209
   Yanlin Hu, Heyan Huang, Ping Jian, and Yuhang Guo

Analyzing the Segmentation Granularity of RTB Advertising Markets: A Computational Experiment Approach ........................................... 217
   Rui Qin, Yong Yuan, Feiyue Wang, and Juanjuan Li

Combining Feature-Based and Instance-Based Transfer Learning Approaches for Cross-Domain Hedge Detection with Multiple Sources .... 225
   Huiwei Zhou, Huan Yang, Long Chen, Zhenwei Liu, Jianjun Ma, and Degen Huang

A Music Recommendation Algorithm Based on Hybrid Collaborative Filtering Technique .......................................................... 233
   Yan Yan, Tianlong Liu, and Zhenyu Wang

Author Index .................................................................................. 241
Social Media Processing
4th National Conference, SMP 2015, Guangzhou, China,
November 16-17, 2015, Proceedings
Zhang, X.; Sun, M.; Wang, Z.; Huang, X. (Eds.)
2015, XIV, 242 p. 76 illus. in color., Softcover
