Contents

1 Acquired Brain Injury ........................................ 1
  1.1 Introduction ........................................ 1
  1.2 Acquired Brain Injury (ABI) ............................ 3
  1.3 Introducing Brain Injury Through Experience .......... 5
  1.4 Gaining Information About ABI ....................... 6
    1.4.1 Information from the World Wide Web .......... 7
  1.5 How Narratives Provide Another Way to View ABI ...... 12
    1.5.1 Books Written by People with ABI: Narratives
    from the ‘Emic’ (Merleau-Ponty, 1962) ‘Insider’s’
    Perspective ........................................ 15
    1.5.2 Dr. Mark Sherry’s Book .......................... 17
    1.5.3 Books Written by People with ABI with Their
    Family Members ..................................... 18
    1.5.4 Narratives Written by Family Members .......... 19
  1.6 Narratives Presented on the World Wide Web ......... 19
  1.7 Self-Help Books ..................................... 20
  1.8 Developing a Focus for the Current Research ......... 21
    1.8.1 Application of van Maanen’s Fieldwork, Textwork
    and Headwork ....................................... 21
  1.9 The Aims of the Study ................................ 22
  1.10 Recapitulation ...................................... 26
  References .............................................. 26

2 Understanding the Assumptions of Major Models of Disability
  Theory ..................................................... 31
  2.1 Introduction ......................................... 31
  2.2 Differences in Perspectives of Disability ............ 33
    2.2.1 The Body-Object Model ......................... 33
    2.2.2 The Moral Model ............................... 35
    2.2.3 The Medical Model ............................. 40
