Sessions

- Impact of pollutants on microbial functions
- Response of microorganisms to pollutants under multi-stress conditions
- Impact of pollutants on the interactions among micro- or between micro- and macro-organisms
- Microorganisms as a tool for a priori and a posteriori environmental risk assessment
- Role of microbial communities in pollutant fate, distribution and degradation

KEY DATES

Call for abstract submission:
Call open: 2 January 2017
Deadline: 7 April 2017

Early registration:
Registration open: 2 January 2017
Deadline: 20 September 2017

Late registration:
Deadline: 5 November 2017
