**Aim and Scope**
JAMS is a top publication for scholars seeking to publish their high quality, theoretically sound, and managerially relevant research in marketing. JAMS welcomes submissions in any marketing domain and using any method; articles must have some implications for managers.

**Research Priorities**

- Meta-analyses on managerial constructs and research domains
- Editorials on current topics relevant to managerial research in marketing
- Research in service marketing, sales management, B2B, and retail domains
- Consumer-based strategy research including field experiments, managerially-controllable moderators, and objective outcomes
- Managerial research investigating dynamic effects using longitudinal and/or secondary data
- Review papers on managerially relevant topics

**Common Reasons for Rejection**

- Single survey with all main effects hypotheses
- Behavioral research with little link to managerial research and few moderators that are managerially relevant
- Not positioned well for JAMS
- Lack of linkage to extant managerial research in marketing (e.g., JM, JAMS)
- Low managerial impact or contribution
- Narrow methods paper or scale development papers
