## The Central European Journal of Medicine

**Target group** Hospitalists, specialists in all fields of medicine, scientific and medical institutes as well as government bodies. Members of the ÖGIM, ÖGP, and ÖKG receive a free copy as part of their membership.

**Profile** The **wiener klinische wochenschrift** is an international scientific medical journal covering the entire spectrum of clinical medicine and related areas, such as ethics in medicine, public health and the history of medicine. In addition to original articles, the journal features editorials and leading articles on newly emerging topics, review articles, case reports and a broad range of special articles. Experimental material will be considered for publication if it is directly relevant to clinical medicine. The number of international contributions has been steadily increasing, and consequently the journal's international reputation has grown in the past several years.
