Annals of Vascular Surgery
Editors-in-Chief: R. Berguer; E. Kieffer

- Presents peer-reviewed original manuscripts reporting clinical and experimental work in vascular surgery
- Includes case reports, reviews, surgical and technical notes, history and more
- Official publication of a number of scholarly societies

Annals of Vascular Surgery presents peer-reviewed original manuscripts reporting clinical and experimental work in vascular surgery. Sections include Original Articles (reports of clinical series, new investigations, experimental work, new drug, or medical device trials); Case Reports (reports on a limited series of patients); General Reviews (scholarly review of the existing literature on a relevant topic); Surgical Notes (small items of interest, e.g., observations on a new type of suture or clamp); Selected Techniques (technical maneuvers); Historical Notes (interesting vignettes from the early days of vascular surgery); Editorials and Correspondence.

Impact Factor: 1.194 (2005), Journal Citation Reports®
