The Journal of Technology Transfer
Editor-in-Chief: A.N. Link
Editor: D.S. Siegel; B. Bozeman; S. Mosey

- Enhances and builds an understanding of the practice of technology transfer
- Emphasizes research on management practices and strategies for technology transfer
- Explores the external environment affecting technology transfer, including public policy developments, regulatory and legal issues, and global trends
- 91% of authors who answered a survey reported that they would definitely publish or probably publish in the journal again

The Journal of Technology Transfer, the official journal of the Technology Transfer Society, provides an international forum for the exchange of ideas that enhance and build an understanding of the practice of technology transfer. In particular, it emphasizes research on management practices and strategies for technology transfer. Moreover, the journal explores the external environment that affects these practices and strategies, including public policy developments, regulatory and legal issues, and global trends. Readers will find a broad range of papers, ranging from case studies to comparative analyses.
