The Journal of Sustainable Product Design

Editor-in-Chief: M. Charter

*The Journal of Sustainable Product Design* is a peer-reviewed, multidisciplinary journal that focuses on the theoretical, methodological and practical dimensions of moving towards sustainable and eco-product and service design and development. The journal is published four times each year and is supported by an international Editorial Board. The editors welcome contributions that are based on solid research, as well as 'blue sky' and 'out of the box' thinking. The journal provides a forum for leading-edge thought and new ideas.

Special emphasis is attached to the following areas: Eco-design tools and methodologies;

- Eco-design strategies;
- Eco-service development;
- Environmental marketing;
- Organisation approaches;
- Case studies;
- Integrated Product Policy (IPP);
- Environmental Product Policy (EPP);
- Product Service Systems.
