Radiophysics and Quantum Electronics
Editor-in-Chief: V.V. Kocharovsky

- Covers radio astronomy; plasma astrophysics; ionospheric, atmospheric and oceanic physics; radiowave propagation; quantum radiophysics; physics of oscillations and waves, and more
- Published in connection with the Radiophysical Research Institute and N.I. Lobachevsky State University
- 100% of authors who answered a survey reported that they would definitely publish or probably publish in the journal again

Radiophysics and Quantum Electronics reports on topics such as: radio astronomy; plasma astrophysics; ionospheric, atmospheric and oceanic physics; radiowave propagation; quantum radiophysics; physics of oscillations and waves; physics of plasmas; statistical radiophysics; electrodynamics; vacuum and plasma electronics; acoustics; and solid-state electronics.

Radiophysics and Quantum Electronics is a translation of the peer-reviewed Russian journal Izvestiya VUZ. Radiofizika, published by the Radiophysical Research Institute and N.I. Lobachevsky State University at Nizhnii Novgorod, Russia.

Impact Factor: 1.063 (2016), Journal Citation Reports®
