► **93% of authors who answered a survey reported that they would definitely publish or probably publish in the journal again**

Small Business Economics: An Entrepreneurship Journal publishes rigorous research on entrepreneurship, self-employment, family firms, small and medium-sized firms, and new venture creation. The journal has a broad scope, including entrepreneurs' characteristics, occupational choice, new ventures and innovation, firms life courses and performance; as well as the role played by institutions and public policies within local, regional, national and international contexts. Articles published in *Small Business Economics* typically emphasize the economic and societal relevance of research findings. As a leading entrepreneurship journal, *Small Business Economics* publishes both theoretical and empirical papers, while encouraging interdisciplinary and cross-disciplinary research from a broad spectrum of disciplines and related fields.
