Plant Ecology
An International Journal
Editor-in-Chief: W.E. Rogers; N. Enright

- Average time from receipt of contributions to first decision: 40 days
- Formerly published as Vegetatio
- Offers original scientific papers on the ecology of vascular plants in terrestrial and wetland ecosystems
- Presents symposium proceedings, review articles, and comments on recent papers
- Editor-in-Chief: Neal J. Enright, Murdoch University, Australia
- 100% of authors who answered a survey reported that they would definitely publish or probably publish in the journal again

Plant Ecology publishes original scientific papers that report and interpret the findings of pure and applied research into the ecology of vascular plants in terrestrial and wetland ecosystems. Empirical, experimental, theoretical and review papers reporting on ecophysiology, population, community, ecosystem, landscape, molecular and historical ecology are within the scope of the journal.

Impact Factor: 1.615 (2016), Journal Citation Reports®
