HAND
Editor-in-Chief: M. Neumeister

▶ Offers peer-reviewed articles on current research and clinical work in the field of hand surgery
▶ Presents original articles on clinical care and basic research; invited book reviews; letters to the editor; correspondence and brief communications and more
▶ The official journal of the American Association for Hand Surgery
▶ 100% of authors who answered a survey reported that they would definitely publish or probably publish in the journal again

HAND is a peer-reviewed journal that offers articles written by clinicians worldwide, detailing current research and clinical work in the field of hand surgery. It features articles related to all aspects of hand and upper extremity surgery and the post operative care and rehabilitation of the hand.

Types of articles published include original articles related to clinical care and basic research; invited book reviews; letters to the editor; correspondence and brief communications; tips, suggestions and comments.

This is the official journal of the American Association for Hand Surgery.
