Journal d'Analyse Mathématique

Editor-in-Chief: L. Zalcman

Executive Editor: A. Linden

- Free app available on iTunes and Google Play Store
- Publishes top-level original articles in English and French in the field of classical analysis and in related areas.
- Covers a broad mathematical scope.
- Owned by the Hebrew University of Jerusalem.

The Journal d'Analyse Mathématique publishes top-level original articles in English and French in the field of classical analysis and in related areas. The broad mathematical scope of this journal includes topics such as complex function theory, functional analysis, ergodic theory, harmonic analysis, partial differential equations, and quasiconformal mappings.

The Journal d'Analyse Mathématique is owned by the Hebrew University of Jerusalem. Since its founding in 1951 by B. Amira, its volumes can be found in the libraries of major mathematical institutions around the world.

Impact Factor: 1.071 (2016), Journal Citation Reports®
