BioEnergy Research

Co-Editors-in-Chief: M. Casler; W. Vermerris; R.A. Dixon

- ▶ Covers a rapidly expanding area of feedstock biology research
- ▶ Presents scientific research, reviews, perspective and commentary, industry news and government policy updates
- ▶ Collects material from a uniquely broad combination of disciplines
- ▶ 95% of authors who answered a survey reported that they would definitely publish or probably publish in the journal again

BioEnergy Research fills a void in the rapidly growing area of feedstock biology research related to biomass, biofuels, and bioenergy. The journal publishes a wide range of articles, including peer-reviewed scientific research, reviews, perspectives and commentary, industry news, and government policy updates. Its coverage brings together a uniquely broad combination of disciplines with a common focus on feedstock biology and science, related to biomass, biofeedstock, and bioenergy production.

Impact Factor: 2.487 (2016), Journal Citation Reports®
