

## BMC Ear, Nose and Throat Disorders

BioMed Central

### **BMC Ear, Nose and Throat Disorders**

- ▶ **Broad scope: considers articles on all aspects of ENT research**
- ▶ **Efficient, fair and friendly open peer-review service**
- ▶ **Editor-in-Chief is renowned educator and researcher in the field**

*BMC Ear, Nose and Throat Disorders* is an open access, peer-reviewed journal that considers articles on all aspects of the prevention, diagnosis and management of ear, nose and throat disorders, as well as related molecular genetics, pathophysiology, and epidemiology.

*BMC Ear, Nose and Throat Disorders* is part of the *BMC* series which publishes subject-specific journals focused on the needs of individual research communities across all areas of biology and medicine. We do not make editorial decisions on the basis of the interest of a study or its likely impact. Studies must be scientifically valid; for research articles this includes a scientifically sound research question, the use of suitable methods and analysis, and following community-agreed standards relevant to the research field.

Specific criteria for other article types can be found in the submission guidelines.

*BMC series - open, inclusive and trusted.*

#### **Electronic access**
