Radiation Oncology

Editor-in-Chief: C. Belka
Managing Editor: N. Andratschke (et al.)

- No additional charge for publishing colour images
- Global visibility - over 80,000 accesses per month
- Freely availability online - fostering an active academic exchange

Radiation Oncology publishes high-quality manuscripts related to the treatment of cancer using radiation. The journal publishes findings in molecular and cellular radiation biology, radiation physics, radiation technology, and clinical oncology. Radiation Oncology provides an open access forum for researchers and clinicians involved in the management and treatment of cancer patients, bringing together the latest research and advances in the field.

Impact Factor: 2.568 (2016), Journal Citation Reports®

Giving authors in their area of expertise the opportunity to publish open access
- High visibility thanks to unrestricted online access
- Rigorous peer-review and high-quality author services
- Creative Commons licensed – authors retain copyright
- Citation tracking and inclusion in bibliographic databases
- Easy compliance with open access mandates
