Infectious Agents and Cancer

Editor-in-Chief: F.M. Buonaguro; S.M. Mbulaiteye
Managing Editor: M.L. Tornesello

▶ Publishing insights on the association between chronic infections and cancer
▶ 100% of authors surveyed in 2015 would recommend the journal to a colleague
▶ Internationally renowned Editorial Board

Infectious Agents and Cancer is an open access journal dedicated to publishing insights on the association between chronic infections and cancer. The journal’s scope covers all areas of biomedical research related to the development of preventive strategies, innovative diagnostic and biomolecular methodologies and promising therapeutic strategies for treating chronic infections and cancer. Infectious Agents and Cancer aims to serve as an international platform to showcase research and resources for cancer prevention, diagnosis, treatment and palliative care.

Impact Factor: 1.422 (2016), Journal Citation Reports®
