Molecular Brain
Editor-in-Chief: B.-K. Kaang; T. Bliss; T. Miyakawa
Managing Editor: E. England
Founding Editor: M. Zhuo

Molecular Brain is a high-quality, fully open access journal, which considers manuscripts on all aspects of studies on the nervous system at the molecular, cellular, and systems level, providing a forum for scientists to communicate their findings.

Impact Factor: 3.410 (2016), Journal Citation Reports®

Giving authors in their area of expertise the opportunity to publish open access

- High visibility thanks to unrestricted online access
- Rigorous peer-review and high-quality author services
- Creative Commons licensed – authors retain copyright
- Citation tracking and inclusion in bibliographic databases
- Easy compliance with open access mandates
