Alzheimer’s Research & Therapy
Editor-in-Chief: T.E. Golde; P. Scheltens; D.R. Galasko

► Official journal of Alzheimer’s Disease International (ADI)
► Rapid peer review with average time to first decision within five weeks
► The leading open access journal for translational research into dementia and other neurodegenerative diseases

*Alzheimer’s Research & Therapy* is the major forum for translational research into Alzheimer’s disease and the leading open access journal in the field. Affiliated to Alzheimer’s Disease International (ADI), it publishes open access basic research with a translational focus, as well as clinical trials, research into drug discovery and development, and epidemiologic studies. The journal also provides reviews, viewpoints, commentaries, debates and reports. Although the primary focus is Alzheimer’s dementia, the scope encompasses translational research into other neurodegenerative diseases.

Impact Factor: 6.196 (2016), Journal Citation Reports®

Giving authors in their area of expertise the opportunity to publish open access
▶ High visibility thanks to unrestricted online access
▶ Rigorous peer-review and high-quality author services
▶ Creative Commons licensed – authors retain copyright
▶ Citation tracking and inclusion in bibliographic databases
▶ Easy compliance with open access mandates
