Journal of Applied Genetics

Editor-in-Chief: M. Switonski

- ▶ Offers far-reaching coverage of plant, human, animal and microbial genetics
- ▶ Broader in scope than specialized journals in the field
- ▶ Founded in 1960 as *Genetica Polonica*, at the Institute of Plant Genetics in Poznan
- ▶ 93% of authors who answered a survey reported that they would definitely publish or probably publish in the journal again

Founded in 1960 at the Institute of Plant Genetics of the Polish Academy of Sciences, Poznan, under the title *Genetica Polonica*, Polish Journal of Genetics and Breeding. In 1995, it was renamed *Journal of Applied Genetics (JAG)*. Since 2011, the *Journal of Applied Genetics* has been published by Springer. It publishes peer-reviewed original papers, short communications (including case reports) and review articles focused on the research of applicative aspects of plant, human, animal and microbial genetics and genomics.

Impact Factor: 1.655 (2016), Journal Citation Reports®
