The Arabian Journal for Science and Engineering (AJSE) is a peer-reviewed journal owned by King Fahd University of Petroleum and Minerals and published by Springer.

AJSE publishes twelve issues of rigorous and original contributions in the Science disciplines of Biological Sciences, Chemistry, Earth Sciences, and Physics, and in the Engineering disciplines of Chemical, Civil, Computer Science and Engineering, Electrical, Mechanical, Petroleum, and Systems Engineering.

Manuscripts must be submitted in the English language and authors must ensure that the article has not been published or submitted for publication elsewhere in any format, and that there are no ethical concerns with the contents or data collection. The authors warrant that the information submitted is not redundant and respects general guidelines of ethics in publishing. All papers are evaluated by at least two international referees, who are known scholars in their fields.

About KFUPM

King Fahd University of Petroleum & Minerals

King Fahd University of Petroleum & Minerals (KFUPM) in Saudi Arabia is a leading educational organization for science and technology.

The vast petroleum and mineral resources of the Kingdom pose a complex and exciting challenge for scientific, technical, and management education. To meet this challenge, the University has adopted advanced training in the fields of science, engineering, and management as one of its goals in order to promote leadership and service in the Kingdom's petroleum and mineral industries. The University also furthers knowledge through research in these fields. In addition, because it derives a distinctive character from its being a technological university in the land of Islam, the University is unreservedly committed to deepening and broadening the faith of its Muslim students and to instilling in them an appreciation of the major contributions of their people to the world of mathematics and science. All areas of KFUPM - facilities, faculty, students, and programs - are directed to the attainment of these goals.

Impact Factor: 0.865 (2016), Journal Citation Reports®
