Flavour
Editor-in-Chief: P. Moller; P. Barham

- Broad scope covers all aspects of sensing food
- Welcomes articles from both the academic community, chefs and food professionals
- High visibility for your research: over 30,000 monthly accesses

Flavour is a peer-reviewed, open access journal that publishes interdisciplinary articles on flavour, its generation and perception, and its influence on behaviour and nutrition.

The journal publishes articles from all relevant disciplines including neuroscience, genetics, food chemistry, sensory science, psychology and philosophy.

Giving authors in their area of expertise the opportunity to publish open access
- High visibility thanks to unrestricted online access
- Rigorous peer-review and high-quality author services
- Creative Commons licensed – authors retain copyright
- Citation tracking and inclusion in bibliographic databases
- Easy compliance with open access mandates
