EURASIP Journal on Audio, Speech, and Music Processing
Editor-in-Chief: E.A.P. Habets

EURASIP Journal on Audio, Speech, and Music Processing is a peer-reviewed open access journal published under the brand SpringerOpen. The aim of EURASIP Journal on Audio, Speech, and Music Processing is to bring together researchers, scientists and engineers working on the theory and applications of the processing of various audio signals, with a specific focus on speech and music. EURASIP Journal on Audio, Speech, and Music Processing is an interdisciplinary journal for the dissemination of all basic and applied aspects of speech communication and audio processes. It publishes papers on the advancement of both human speech communication science and automatic speech and audio systems. The journal will be dedicated to having original research work, but will also allow tutorial and review articles. Articles will deal with both theoretical and practical aspects of audio, speech, and music processing.

Impact Factor: 1.579 (2016), Journal Citation Reports®

Giving authors in their area of expertise
the opportunity to publish open access

- High visibility thanks to unrestricted online access
- Rigorous peer-review and high-quality author services
- Creative Commons licensed – authors retain copyright
- Citation tracking and inclusion in bibliographic databases
- Easy compliance with open access mandates
