Annales Henri Poincaré
A Journal of Theoretical and Mathematical Physics
Editor-in-Chief: K. Gawedzki

- Founded in 2000 as merger of the journals "Annales de l’Institut Henri Poincaré, physique théorique" (since 1930) and "Helvetica Physical Acta" (since 1928)
- Publishes peer-reviewed original research papers in theoretical physics and mathematical physics
- Coverage includes Classical Mechanics, Dynamical Systems, Partial Differential Equations of Mathematical Physics from Hydrodynamics to General Relativity, Many Body Theory, Mathematical Methods of Condensed Matter and Statistical Physics, Integrable Systems, Quantum Field Theory, String Theory and more

The two journals Annales de l’Institut Henri Poincaré, physique théorique and Helvetica Physical Acta have merged into a single new journal under the name Annales Henri Poincaré - A Journal of Theoretical and Mathematical Physics edited jointly by the Institut Henri Poincaré and by the Swiss Physical Society.

The goal of the journal is to serve the international scientific community in theoretical and mathematical physics by collecting and publishing original research papers meeting the highest professional standards in the field. The emphasis will be on analytical theoretical and mathematical physics in a broad sense.
