Journal of Advanced Ceramics

Editor-in-Chief: L. Li
Associate Editors: I.-W. CHEN; C.-W. Nan; K. KOUMOTO; W. Pan
Executive Editor: J. GONG
Managing Editor: H. CHEN

► Presents international research on processing, structure and properties of advanced ceramics and ceramic-based composites
► Covers Processing, Characterization of materials, Properties, Advanced materials and more
► Published on behalf of the State Key Laboratory of New Ceramics and Fine Processing (Tsinghua University) and the Advanced Ceramics Division of the Chinese Ceramic Society

Journal of Advanced Ceramics is a double blind peer-reviewed open access journal published under the SpringerOpen brand. This journal covers processing, structure and properties of advanced ceramics and ceramic-based composites. Published on behalf of the State Key Laboratory of New Ceramics and Fine Processing and the Advanced Ceramics Division of the Chinese Ceramic Society.

The open access fees (article-processing charges) for this journal are kindly sponsored by the State Key Laboratory of New Ceramics and Fine Processing at Tsinghua University. Authors can publish in the journal without any additional charges.

Impact Factor: 1.198 (2016), Journal Citation Reports®

Giving authors in their area of expertise the opportunity to publish open access
► High visibility thanks to unrestricted online access
► Rigorous peer-review and high-quality author services
► Creative Commons licensed – authors retain copyright
► Citation tracking and inclusion in bibliographic databases
► Easy compliance with open access mandates
