The Asia-Pacific Education Researcher
Editor-in-Chief: T. Teo

- Reports on successful educational systems in the Asia-Pacific Region that are currently underrepresented in research literature
- Surveys original work leading to the understanding and/or improvement of educational processes and outcomes
- Seeks to replicate studies originally done in western countries, in the context of specific Asian countries or communities

TAPER presents studies in education, emphasizing the experiences of successful educational systems in the Asia-Pacific Region and of the national educational systems therein that up to now have been underrepresented in the research literature.

Impact Factor: 0.576 (2016), Journal Citation Reports®
