## Springer Praxis Books

This book series presents the whole spectrum of Earth Sciences, Astronautics and Space Exploration. Practitioners will find exact science and complex engineering solutions explained scientifically correct but easy to understand.

Various subseries help to differentiate between the scientific areas of Springer Praxis books and to make selected professional information accessible for you.

### Recently published:

D.W. Olson

#### Further Adventures of the Celestial Sleuth

Using Astronomy to Solve More Mysteries in Art, History, and Literature

D. Rapp
