European Journal for Security Research
Editor-in-Chief: H.-J. Albrecht
Managing Editor: C. Murphy

- Investigates causes and consequences that have emerged through the rise of societal security
- Assesses ways in which securitization addresses and transforms a wide range of events
- Discusses how society approaches and adapts to these transformations

This journal covers such topics as the inability of new security technologies to deliver definitive solutions; the simulation of secure systems; shifts in the legal and fundamental rights framework; the disruptive potential of new technologies and more.
