**Thalassas: An International Journal of Marine Sciences**

Editor-in-Chief: M. Reigosa-Roger

Thalassas is an international journal devoted to multidisciplinary studies in marine sciences. Established in 1983, the journal covers a broad range of locales, from the deep sea to coastal environments. The journal publishes papers on marine and coastal biology, chemistry, geology and physics, with a particular emphasis on multidisciplinary work.

Impact Factor: 0.500 (2016), Journal Citation Reports®
