This international English-language journal offers an interdisciplinary forum for the scientific exchange between research and hospital. Coverage includes surveys and original papers on diagnostics and therapy. In addition to classic orthopedic traumatology all related fields are considered: critical care medicine, neurotraumatology, new materials, tissue engineering, and more.

The European Journal of Trauma and Emergency Surgery is the official publication of the European Society for Trauma and Emergency Surgery (ESTES).

Incorporating the International Journal of Disaster Medicine.

Impact Factor: 0.895 (2016), Journal Citation Reports®
