Contents

(C) Case Report, Clinical Practice, (CS) Consensus Report, (S) Special Article, History of Medicine, Statement, (I) Images in Clinical Medicine, (L) Letter to the Editor, (O) Original Article, Short Communication, (R) Review Article

Anatomy
3 (O) Evaluation of pulmonary vein variations and anomalies with 64 slice multi detector computed tomography

Anesthesiology
320 (O) Heparin-induced effects of prothrombin complex concentrates in thromboelastometry
434 (O) Effective penile block for circumcision in adults

Angiology/Vascular Medicine
239 (I) Leriche syndrome, a rare case of intractable hypertension
756 (O) Outcome of coumarin-therapy in an outpatient setting over a 10-year period. Coumarin-therapy in clinical practice
769 (O) Poor agreement in carotid artery stenosis detection by ultrasound between external offices and a vascular center

Biochemistry, Chemistry, Laboratory Medicine
500 (O) Central venous to arterial pCO2 difference in cardiogenic shock
618 (O) A preliminary study about the effects of warm priming solution on oxidative stress and postoperative atrial fibrillation in open heart surgery
671 (R) The meta-analysis of the association of PPARG P12A, C161T polymorphism and coronary heart disease
737 (O) Association between KCNE1 (G385S) genetic polymorphism and non-valvular atrial fibrillation in an Uygur population

Bone Diseases
188 (C) Osteoporosis, weight gain and atypical fat accumulations - a typical feature not only for Cushing’s, but also Madelung’s disease: A case report
304 (O) Adjacent level fracture after osteoporotic vertebral compression fracture: a nonrandomized prospective study comparing balloon kyphoplasty with conservative therapy
526 (O) The evaluation of bone mineral density in patients with nonalcoholic fatty liver disease

Cardiology
18 (O) Elevated γ-glutamyltransferase in implantable cardioverter defibrillator patients
45 (O) Rehospitalization rates after transcatheter aortic valve implantation
278 (C) Transient ST segment elevation and left bundle branch block caused by mad-honey poisoning
285 (C) A case of acute myocardial infarction due to the use of cayenne pepper pills
340 (CS) Dabigatran in patients with atrial fibrillation: perioperative and perinterventional management
439 (O) Evaluation of biochemical, hematological, and thyroid function parameters in nondipper and dipper hypertensive patients
444 (O) Evaluation of atrial electromechanical delay and left atrial mechanical function in patients with obstructive sleep apnea. Cardiac involvement in patients with OSA
685 (O) Determinants of exercise capacity in dilated cardiomyopathy: a prospective, explorative cohort study
789 (CS) Clinical application of interventional renal sympathetic denervation: recommendations of the Austrian Society of Hypertension 2012
822 (O) Non-dipping nocturnal blood pressure in psoriasis vulgaris
848 (O) Cardiovascular MR imaging findings of total anomalous pulmonary venous connection to the portal vein in a patient with right atrial isomerism

Complementary Medicine
11 (O) Real-life effect of classical homopathy in the treatment of allergies: A multicenter prospective observational study

Dermatology
227 (R) Sarcoidosis and molecular mimicry—important etiopathogenic aspects: current state and future directions

Diabetes
69 (O) Diabetes Care Austria 2009: Register an allgemeinmedizinischen Ordenungen für PatientInnen mit Typ 2 Diabetes mellitus in Österreich
403 (O) Hyperactivity of the hypothalamic-pituitary-adrenal axis in patients with type 2 diabetes and relations with insulin resistance and chronic complications
453 (O) Intraindividual differences between two simultaneous glucose measurement systems in type 2 diabetic patients
639 (O) Effectiveness of the Austrian disease management programme “Therapie Aktiv“ for type 2 diabetes regarding the improvement of metabolic control, risk profile and guideline adherence: 2 years of follow up
678 (O) Thyrotropin-secreting pituitary adenomas: diagnosis and management of patients from one Chinese center

Endocrinology and Metabolism
154 (O) Thyroid hormone levels as a predictor of mortality in intensive care patients: A comparative prospective study
348 (L) Can subacute thyroiditis be associated with acute hepatitis B virus infection?
723 (C) Failure of pentagastrin-stimulated calcitonin testing in early manifestation of familial medullary thyroid cancer
742 (O) Sex-specific differences in long-term glycemic control and cardiometabolic parameters in patients with type 1 diabetes treated at a tertiary care centre. Gender aspects in type 1 diabetes

Epidemiology and Public Health
78 (O) Epidemiological and economic aspects of polytrauma management in Austria
177 (O) Seroprevalence study of antibodies against influenza A(H1N1) 2009 virus after the second pandemic wave in Slovenia
Geriatrics
160 (O) Potentially inappropriate medication in geriatric patients: the Austrian consensus panel list

Gynecology and Obstetrics
184 (O) The diagnostic value of Ki-67, P53 and P63 in distinguishing partial Hydatidiform mole from hydropic abortion
193 (C) Ectopic pregnancies with unusual location and an angular pregnancy: Report of eight cases
412 (CS) Austrian Arbeitsgemeinschaft für Gynäkologische Onkologie (AGO) guideline for prophylaxis with granulocyte colony-stimulating factors (G-CSF) in gynecologic malignancies, including breast cancer
669 (C) Subinvolution of placental bed vessels: case report and review of the literature

Hematology
198 (C) Inhibitor development in two patients with mild haemophilia A – spontaneous disappearance and no recurrence of the inhibitor after re-challenge

Hematology and Oncology
807 (R) European Competence Network on Mastocytosis (ECNM): 10-year jubilee, update, and future perspectives

Hepatology
104 (CS) Austrian Joint ÖGGH-ÖGIRÖGHO-ASSO position statement on the use of transarterial chemoembolization TACE in hepatocellular carcinoma
251 (O) Assessment of metabolic syndrome in patients with primary biliary cirrhosis
395 (O) Noninvasive screening for liver fibrosis and portal hypertension by transient elastography—a large single center experience

History
53 (S) Evaluation of Influences of the Viennese Anatomical School on the work of the Croatian Anatomist Jelena Krmpotic-Nemanic

Infectious Diseases
220 (L) Loss of body hair as a side effect of albendazole
262 (O) Molecular epidemiology of Pseudomonas aeruginosa in cystic fibrosis patients from Southeast Austria
266 (O) Rapid detection of bloodstream pathogens by real-time PCR in patients with sepsis
427 (O) Solitary erythema migrans in children: comparison of treatment with clarithromycin and amoxicillin
611 (O) Contact with horses is a risk factor for tick-borne lymphadenopathy (TBLOLA): a case control study
633 (O) Evaluation of the implementation of a rapid streptococcal antigen test in a routine primary health care setting. From recommendations to practice
775 (O) Expected and observed mortality in critically ill patients receiving initial antibiotic therapy
855 (C) Therapeutic hypothermia for severe adult Herpes simplex virus encephalitis

Intensive Care and Emergency Medicine
181 (O) Dysnatraemias in the emergency room: Undetected, untreated, unknown?
245 (O) CK/CK-MB ratio as an indirect predictor for survival in polytraumatized patients
552 (O) Concomitant use of beta-1 adrenoreceptor blocker and norepinephrine in patients with septic shock
624 (O) Health-related quality of life of long-term survivors of intensive care: changes after intensive care treatment. Experience of an Austrian intensive care unit
692 (O) Do clinical guidelines improve management of sepsis in critically ill elderly patients? A before-and-after study of the implementation of a sepsis protocol
842 (O) Positive end-expiratory pressure lung recruitment: comparison between lower inflection point and ultrasound assessment

Medicine, General
## Microbiology
- 504 (O) Characterization of the extended-spectrum β-lactamases and determination of the virulence factors of uropathogenic Escherichia coli strains isolated from children

## Nephrology
- 312 (O) Efficacy of vitamin E and N-acetylcysteine in the prevention of contrast induced kidney injury in patients with chronic kidney disease: a double blind, randomized controlled trial

## Neurology
- 146 (I) Transient restricted diffusion in the splenium of the corpus callosum in migraine with aura
- 461 (C) Attempted suicide under high dose dopaminergic therapy including apomorphine
- 605 (L) Nitrofurantoin-induced life-threatening seizures
- 716 (O) Knowledge about and use of pharmacological and nonpharmacological headache therapies

## Orthopedics
- 204 (O) Resolution of blepharospasm after chronic subdural haematoma evacuation: A case report

## Pathology
- 419 (C) Chromophobe renal cell carcinoma with rhabdoid differentiation in an adult

## Physical Medicine and Rehabilitation
- 377 (O) Strength of skeletal muscle and self-reported physical performance in Austrian glioblastoma-patients

## Pulmonology

## Rheumatology
- 170 (O) Effects of 18β-Glycyrrhetinic acid in hTNFtg mice – a model of rheumatoid arthritis

## Traumatology
- 357 (O) Acute injuries and overuse syndromes in sport climbing and bouldering in Austria: a descriptive epidemiological study

## Surgery
- 100 (C) Incidental finding of sclerosing angiomatoid nodular transformation of the spleen
- 288 (L) Meckel's diverticulitis in Amyand's hernia
- 834 (O) Conventional laparoscopy vs. single port surgery from a patient’s point of view: influence of demographics and body mass index

## Supplements
- Suppl 1 40. Jahrestagung der Österreichischen Diabetes Gesellschaft
- Suppl 2 Diabetes mellitus – Anleitungen für die Praxis
- Suppl 3 Vorträge der 44. Jahrestagung der Österreichischen Gesellschaft für Tropenmedizin und Parasitologie
