# Contents

## Introduction

Anna Marie Prentiss, Ian Kuijt, and James C. Chatters

## Part I  Issues in Macroevolutionary Theory

   Michael Rosenberg  
   23

2 **Landscape Learning in Relation to Evolutionary Theory**  
   Marcy Rockman  
   51

3 **“The Multiplication of Forms:” Bering Strait Harpoon Heads as a Demic and Macroevolutionary Proxy**  
   Owen K. Mason  
   73

## Part II  Macroevolutionary Approaches to Cultural Change

4 **The Emergence of New Socioeconomic Strategies in the Middle and Late Holocene Pacific Northwest Region of North America**  
   Anna Marie Prentiss  
   111

5 **Testing the Morphogenesist Model of Primary State Formation: The Zapotec Case**  
   Charles S. Spencer  
   133

6 **Evolutionary Biology and the Emergence of Agriculture: The Value of Co-opted Models of Evolution in the Study of Culture Change**  
   Melinda A. Zeder  
   157

## Part III  Cultural Diversification, Stasis and Extinction as Macroevolutionary Processes

7 **A Macroevolutionary Perspective on the Archaeological Record of North America**  
   James C. Chatters  
   213
Contents

8 Cultural Stasis and Change in Northern North America: A Macroevolutionary Perspective 235
   Anna Marie Prentiss and Michael Lenert

9 Niche Construction, Macroevolution, and the Late Epipaleolithic of the Near East 253
   Ian Kuijt and Anna Marie Prentiss

Part IV Macroevolutionary Theory in Archaeology

10 Macroevolutionary Theory and Archaeology: Is There a Big Picture? 275
   Robert L. Bettinger

11 Material Cultural Macroevolution 297
   Niles Eldredge

Index 317
Macroevolution in Human Prehistory
Evolutionary Theory and Processual Archaeology
Prentiss, A.; Kuijt, I.; Chatters, J.C. (Eds.)
2009, IX, 324 p., Hardcover
