# Contents

## Part I Mechanisms

- 1 Liver Endothelial Cells: Hemostasis, Thrombosis, and Hepatic Vascular Diseases** ..... 3  
Simon C. Robson
- 2 Vascular Liver Disease and the Liver Sinusoidal Endothelial Cell** ..... 25  
Laurie D. DeLeve
- 3 Pseudocapillarization and the Aging Liver** ..... 41  
Dmitri Svistounov, Svetlana N. Zykova, Victoria C. Cogger, Alessandra Warren, Robin Fraser, Bård Smedsrød, Robert S. McCuskey, and David G. Le Couteur
- 4 Stellate Cells and the Microcirculation** ..... 51  
Massimo Pinzani
- 5 Circulatory Injury in Liver Transplantation** ..... 65  
Ashraf Mohammad El-Badry, Philipp Dutkowski, and Pierre-Alain Clavien
- 6 Portal Hypertension: Intrahepatic Mechanisms** ..... 77  
Alexander Zipprich and Roberto J. Groszmann
- 7 Portal Hypertension: Extrahepatic Mechanisms** ..... 91  
Jaime Bosch and Juan G. Abraldes

## Part II Management

- 8 Histological Diagnosis** ..... 103  
Dhanpat Jain and A. Brian West
- 9 Radiological Diagnosis** ..... 125  
Christopher G. Roth and Donald G. Mitchell

<b>10</b>	<b>Hepatic Vascular Pathology After Hematopoietic Cell Transplantation: Sinusoidal Obstruction Syndrome, Focal Nodular Hyperplasia, and Nodular Regenerative Hyperplasia</b> .....	149
	George B. McDonald	
<b>11</b>	<b>Management: Cirrhotic Portal Hypertension</b> .....	165
	Joseph K. Lim and Guadalupe Garcia-Tsao	
<b>12</b>	<b>Portal Vein Thrombosis</b> .....	183
	Dominique-Charles Valla	
<b>13</b>	<b>Budd-Chiari Syndrome</b> .....	197
	Susana Seijo-Ríos, Puneeta Tandon, Jaime Bosch, and Juan Carlos García-Pagán	
<b>14</b>	<b>Congenital Hepatic Vascular Malformations</b> .....	213
	Guadalupe Garcia-Tsao	
<b>Part III Surgery and Interventional Radiology</b>		
<b>15</b>	<b>Interventional Radiology in the Treatment of Portal Hypertension</b> .....	231
	Christophe Bureau, Philippe Otal, and Jean-Pierre Vinel	
<b>16</b>	<b>Surgical Intervention for Portal Hypertension</b> .....	245
	J. Michael Henderson	
<b>17</b>	<b>Liver Transplantation and Vascular Disorders</b> .....	255
	Jan P. Lerut, Eliano Bonaccorsi-Riani, and Pierre Goffette	
	<b>Index</b> .....	279
