## Contents

### Part I  General Consideration in Evaluation of Dysphagic Patients

1. Establishing a Comprehensive Center for Diagnosis and Therapy of Swallowing Disorders  
   Bronwyn Jones and William J. Ravich  
   Page 3

2. Clinical Evaluation of Patients with Dysphagia: Importance of History Taking and Physical Exam  
   Gary H. McCullough and Rosemary Martino  
   Page 11

### Part II  Commonly Used Tests for Evaluation of Deglutitive Disorders

3. Radiographic Evaluation of the Oral/Preparatory and Pharyngeal Phases of Swallowing Including the UES: Comprehensive Modified Barium Swallow Studies  
   Jeri A. Logemann and Kristin Larsen  
   Page 33

4. Radiographic Evaluation of the Esophageal Phase of Swallowing  
   Marc S. Levine  
   Page 49

5. Fiberoptic Endoscopic Evaluation of Swallowing (FEES)  
   Susan E. Langmore and Joseph Murray  
   Page 85

6. Laryngopharyngeal Sensory Testing  
   Jonathan E. Aviv  
   Page 103

7. Unsedated Transnasal Esophagoscopy: Endoscopic Evaluation of Esophageal Phase of Deglutition  
   Gregory N. Postma and Kia Saeian  
   Page 115

8. Manometry of the UES Including High-Resolution Manometry  
   Benson T. Massey  
   Page 129
9 Manometric Assessment of the Esophagus ......................... 151
  Jeffrey L. Conklin

10 Esophageal pH and Impedance Monitoring ....................... 177
  Eytan Bardan

11 Pharyngeal pH and Impedance Monitoring ....................... 217
  Robert T. Kavitt and Michael F. Vaezi

Part III  Management of Oral Pharyngeal Dysphagia in Adults

12 Oropharyngeal Strengthening and Rehabilitation of Deglutitive Disorders .................................................. 237
  Jacqueline A. Hind and JoAnne Robbins

13 Shaker Exercise .................................................................. 257
  Caryn Easterling

14 Mendelson Maneuver and Masako Maneuver ..................... 269
  Cathy Lazarus

15 Effortful Swallow ................................................................ 281
  Maggie-Lee Huckabee and Phoebe Macrae

16 Compensatory Strategies and Techniques .......................... 299
  Susan G. Butler, Cathy A. Pelletier, and Catriona M. Steele

Part IV  Management of Oral Pharyngeal Dysphagia in Pediatrics

17 Rehabilitative Maneuvers and Exercise ............................ 319
  Justine Joan Sheppard

18 Compensatory Strategies and Techniques ........................ 349
  Claire Kane Miller and J. Paul Willging

19 Special Consideration in the Evaluation of Infants and Children with Deglutitive Disorders ......................... 389
  Neelesh Ajit Tipnis

Index ..................................................................................... 397
Manual of Diagnostic and Therapeutic Techniques for Disorders of Deglutition
Shaker, R.; Easterling, C.; Belafsky, P.C.; Postma, G.N. (Eds.)
2013, IX, 412 p. 72 illus., 31 illus. in color., Softcover
