Contents

1 Obesity, Inflammation, and Insulin Resistance ................................... 1
   Lesley G. Ellies, Andrew Johnson, and Jerrold M. Olefsky

2 Inflamasomes and Obesity ................................................................. 25
   Tuo Deng, Jun Cui, Christopher J. Lyon, Nan Zhang,
   Helen Y. Wang, Rong-fu Wang, and Willa A. Hsueh

3 Uncoupling Obesity from Cancer: Bromodomain Co-regulators That Control Inflammatory Networks ................................................. 61
   Gerald V. Denis and Deborah J. Bowen

4 Adipose Tissue Macrophages in Obesity, Inflammation, and Cancer .............................................................................................. 83
   Carey Nien-Kai Lumeng

5 Dietary Fats as Mediators of Obesity, Inflammation, and Colon Cancer .......................................................................................... 99
   Stephanie K. Doerner and Nathan A. Berger

6 Inflammation, Obesity, Barrett’s Esophagus, and Esophageal Adenocarcinoma ............................................................. 133
   Anamay Sharma, Ahmed Elebiary, Sonia Chowdhury,
   and Navtej Buttar

7 Inflammation, Obesity, and Colon Cancer ........................................... 147
   Stephanie K. Doerner and Jason D. Heaney

8 Obesity, Inflammation, and Breast Cancer ......................................... 181
   Neil M. Iyengar, Patrick G. Morris, Clifford A. Hudis,
   and Andrew J. Dannenberg

9 Obesity, Inflammation, Nonalcoholic Fatty Liver Disease, and Hepatocellular Carcinoma ............................................................. 219
   Naim Alkhouri and Arthur McCullough
