

# Contents

## Part I Genetic Material and its Expression

- 1 Chloroplast Gene Expression—RNA Synthesis and Processing**..... 3  
Thomas Börner, Petya Zhelyazkova, Julia Legen and Christian Schmitz-Linneweber
- 2 Chloroplast Gene Expression—Translation**..... 49  
Jörg Nickelsen, Alexandra-Viola Bohne and Peter Westhoff
- 3 The Chloroplast Genome and Nucleo-Cytosolic Crosstalk**..... 79  
Jean-David Rochaix and Silvia Ramundo

## Part II Plastid Differentiation

- 4 An Overview of Chloroplast Biogenesis and Development**..... 115  
Barry J. Pogson and Veronica Albrecht-Borth
- 5 Dynamic Architecture of Plant Photosynthetic Membranes**..... 129  
Helmut Kirchhoff
- 6 Plastid Division**..... 155  
Jodi Maple-Grødem and Cécile Raynaud
- 7 Stromules**..... 189  
Amutha Sampath Kumar, Savithramma P. Dinesh-Kumar and Jeffrey L. Caplan
- 8 The Apicoplast: A Parasite’s Symbiont**..... 209  
Lilach Sheiner and Boris Striepen

### **Part III Biogenesis of Chloroplast Proteins**

<b>9</b>	<b>Mechanisms of Chloroplast Protein Import in Plants</b> .....	241
	Paul Jarvis and Felix Kessler	
<b>10</b>	<b>Protein Routing Processes in the Thylakoid</b> .....	271
	Carole Dabney-Smith and Amanda Storm	
<b>11</b>	<b>Protein Transport into Plastids of Secondarily Evolved Organisms</b> .....	291
	Franziska Hempel, Kathrin Bolte, Andreas Klingl, Stefan Zauner and Uwe-G. Maier	
<b>12</b>	<b>Processing and Degradation of Chloroplast Extension Peptides</b> .....	305
	Kentaro Inoue and Elzbieta Glaser	
<b>13</b>	<b>Molecular Chaperone Functions in Plastids</b> .....	325
	Raphael Trösch, Michael Schroda and Felix Willmund	
<b>14</b>	<b>Plastid Proteases</b> .....	359
	Zach Adam and Wataru Sakamoto	

### **Part IV Chloroplast Photophysiology**

<b>15</b>	<b>Photoprotective Mechanisms: Carotenoids</b> .....	393
	Luca Dall'Osto, Roberto Bassi and Alexander Ruban	
<b>16</b>	<b>Regulation of Electron Transport in Photosynthesis</b> .....	437
	Giles N. Johnson, Pierre Cardol, Jun Minagawa and Giovanni Finazzi	
<b>17</b>	<b>Ion homeostasis in the Chloroplast</b> .....	465
	Marc Hanikenne, Marik Bernal and Eugen-Ioan Urzica	

### **Part V Chloroplast Biotechnology**

<b>18</b>	<b>Synthesis of Recombinant Products in the Chloroplast</b> .....	517
	Ghislaine Tissot-Lecuelle, Saul Purton, Manuel Dubald and Michel Goldschmidt-Clermont	
<b>19</b>	<b>Hydrogen and Biofuel Production in the Chloroplast</b> .....	559
	Yonghua Li-Beisson, Gilles Peltier, Philipp Knörzer, Thomas Happe and Anja Hemschemeier	
	<b>Index</b> .....	587
