

# Contents

|   |     |
|---|-----|
| <b>1 Introduction</b> .....   | 1   |
| 1.1 The Pharmaceutical World to the Material Scientist.....                           | 1   |
| 1.2 The Engineering Concepts of Materials in Drug Delivery .....                      | 2   |
| 1.3 The Rational Design and Controlled Material Properties<br>for Drug Delivery ..... | 4   |
| References.....   | 5   |
| <b>2 Controlled-Release Systems</b> .....   | 7   |
| 2.1 Engineering Concepts .....  | 7   |
| 2.2 Material Design .....   | 11  |
| 2.3 Implementation .....  | 29  |
| 2.4 Clinical Applications.....  | 41  |
| 2.5 Problems.....   | 54  |
| References.....   | 58  |
| <b>3 Thin-Film Materials</b> .....  | 63  |
| 3.1 Engineering Concepts .....  | 63  |
| 3.2 Material Design .....   | 83  |
| 3.3 Implementation .....  | 93  |
| 3.4 Clinical Applications.....  | 106 |
| 3.5 Problems.....   | 110 |
| References.....   | 112 |
| <b>4 Self-Microemulsifying Materials</b> .....  | 117 |
| 4.1 Engineering Concepts .....  | 117 |
| 4.2 Material Design .....   | 130 |
| 4.3 Implementation .....  | 150 |
| 4.4 Clinical Applications.....  | 162 |
| 4.5 Problems.....   | 166 |
| References.....   | 171 |

|  |     |
|--|-----|
| <b>5 Targeted Materials</b> .....          | 177 |
| 5.1 Engineering Concepts .....             | 177 |
| 5.2 Material Design .....                  | 189 |
| 5.3 Implementation .....                   | 202 |
| 5.4 Clinical Applications .....            | 212 |
| 5.5 Problems.....                          | 216 |
| References.....                            | 218 |
| <b>6 Hydrogel Materials</b> .....          | 225 |
| 6.1 Engineering Concepts .....             | 225 |
| 6.2 Material Design .....                  | 232 |
| 6.3 Implementation .....                   | 238 |
| 6.4 Clinical Applications.....             | 247 |
| 6.5 Problems.....                          | 257 |
| References.....                            | 259 |
| <b>7 Smart Drug Delivery Systems</b> ..... | 265 |
| 7.1 Engineering Concepts .....             | 265 |
| 7.2 Material Design .....                  | 278 |
| 7.3 Implementation .....                   | 296 |
| 7.4 Clinical Applications.....             | 304 |
| 7.5 Problems.....                          | 308 |
| References.....                            | 310 |
| <b>8 Conclusion</b> .....                  | 317 |
| 8.1 Future Challenges.....                 | 317 |
| References.....                            | 319 |
| <b>Chapter 2 Problems—Answers</b> .....    | 321 |
| <b>Chapter 3 Problems—Answers</b> .....    | 327 |
| <b>Chapter 4 Problems—Answers</b> .....    | 331 |
| <b>Chapter 5 Problems—Answers</b> .....    | 337 |
| <b>Chapter 6 Problems—Answers</b> .....    | 341 |
| <b>Chapter 7 Problems—Answers</b> .....    | 345 |
| <b>Index</b> .....                         | 349 |

Drug Delivery

Materials Design and Clinical Perspective

Holowka, E.; Bhatia, S.K.

2014, XVII, 355 p. 260 illus., 36 illus. in color.,

Hardcover

ISBN: 978-1-4939-1997-0
