## Contents

### Part I  General Considerations I: Thyroid Cancer

1. **Anatomy and Physiology of the Thyroid Gland: Clinical Correlates to Thyroid Cancer**  
   Nikolaos Stathatos  
   Page 3

2. **Epidemiology of Thyroid Cancer**  
   James J. Figge  
   Page 9

3. **Molecular Pathogenesis of Thyroid Cancer and Oncogenes in Thyroid Cancer**  
   Nikita Pozdeyev, Gregory Lund, and Michael T. McDermott  
   Page 17

4. **Molecular Aspects of Thyroid Cancer in Children**  
   Andrew J. Bauer and Gary L. Francis  
   Page 31

5. **The Role of Genetics in the Development of Familial Nonmedullary Thyroid Cancer**  
   Andreas Moraitis and Constantine A. Stratakis  
   Page 43

6. **Apoptosis in Thyroid Cancer**  
   Su He Wang and James R. Baker Jr.  
   Page 71

7. **Radiation-Induced Thyroid Cancer**  
   James J. Figge, Timothy A. Jennings, Gregory Gerasimov, Nikolai A. Kartel, and Gennady Ermak  
   Page 79

8. **Classification of Thyroid Malignancies**  
   Virginia A. LiVolsi and Zubair W. Baloch  
   Page 101

9. **Staging of Thyroid Cancer**  
   Leonard Wartofsky  
   Page 105

10. **Recombinant Human Thyrotropin**  
    Matthew D. Ringel and Stephen J. Burgun  
    Page 119

### Part II  General Considerations II: Nuclear Medicine

11. **Radioiodine Whole-Body Imaging**  
    Frank B. Atkins and Douglas Van Nostrand  
    Page 133

12. **Primer and Atlas for the Interpretation of Radioiodine Whole Body Scintigraphy**  
    Douglas Van Nostrand and Frank B. Atkins  
    Page 153
13 False-Positive Radioiodine Scans in Thyroid Cancer ........................................ 185
   Brahni Shapiro, Vittoria Rufini, Ayman Jarwan, Onelio Geatti,
   Kimberlee J. Kearfott, Lorraine M. Fig, Ian David Kirkwood,
   John E. Freitas, Anca M. Avram, Ka Kit Wong, and Milton D. Gross

14 The Utility of SPECT-CT in Differentiated Thyroid Cancer ....................... 205
   Kanchan Kulkarni, Frank B. Atkins, and Douglas Van Nostrand

15 Radiiodine Scintigraphy with SPECT/CT: An Important
   Diagnostic Tool for Staging and Risk Stratification ............................... 215
   Anca M. Avram

16 Stunning by 131I Scanning: Untoward Effect of 131I Thyroid
   Imaging Prior to Radioablation Therapy .............................................. 225
   Hee-Myung Park and Stephen K. Gerard

17 Stunning Is Not a Problem ....................................................................... 237
   Iain Ross McDougall

18 Stunning: Does It Exist? A Commentary .................................................. 243
   Douglas Van Nostrand

19 To Perform or Not to Perform Radioiodine Scans Prior
   to 131I Remnant Ablation? PRO ......................................................... 245
   Douglas Van Nostrand

Part III The Thyroid Nodule

20 The Thyroid Nodule: Evaluation, Risk of Malignancy, and Management .... 257
   Leonard Wartofsky

21 Fine-Needle Aspiration ........................................................................... 277
   Zubair W. Baloch and Virginia A. LiVolsi

22 Diagnostic and Prognostic Molecular Markers in Thyroid Cancer ........... 281
   Mingzhao Xing

23 Ultrasonic Imaging of the Thyroid Gland ................................................. 293
   Enrico Papini, Claudio Maurizio Pacella, Andrea Frasoldati,
   and Laszlo Hegedüs

24 Radionuclide Imaging of Thyroid Nodules ............................................. 315
   Douglas Van Nostrand, Mark Schneider, and Elmo R. Acio

25 18F Fluorodeoxyglucose PET and Thyroid Nodules ............................. 323
   Carlos Alberto Garcia

26 Thyroid Nodules and Cancer Risk: Surgical Management .................... 331
   Gerard M. Doherty

27 Thyroid Nodules in Children and Cancer Risk ...................................... 335
   Andrew J. Bauer

28 Management of the Thyroid Nodule: A Comparison
   of Published International Guidelines .................................................. 347
   Joanna Klubo-Gwiezdzinska

Part IV Well-Differentiated Thyroid Cancer: Papillary Carcinoma – Presentation

29 Papillary Carcinoma: Clinical Aspects .................................................. 359
   Leonard Wartofsky
