Preface ................................................................. v
Contributors ........................................................... ix
Color Plates ............................................................ xi

1 Hormonal Regulation of the Vascular System: An Overview ............ 1
   Ronald Tamler and Derek LeRoith

Part I Diabetes and Cardiovascular Disease

2 Epidemiology and Prevention of Cardiovascular Disease in Diabetes .... 19
   David S. Frankel and James B. Meigs

3 Disruption of the Nitric Oxide Signaling System in Diabetes ............ 35
   Bobby D. Nossaman, Subramanyam N. Murthy, and Philip J. Kadowitz

4 Free Fatty Acids, A Major Link Between Obesity, Insulin Resistance,
   Inflammation, and Atherosclerotic Vascular Disease .................. 61
   Guenther Boden

5 The Anti-Inflammatory and Antiatherogenic Effects of Insulin ........... 71
   Paresh Dandona, Ajay Chaudhuri, Husam Ghanim, and Priya Mohanty

6 Insulin Sensitizers and Cardiovascular Disease .......................... 81
   Tina K. Thethi, Shipra Singh, Vivian Fonseca

7 Screening for Cardiovascular Disease in Symptomatic and Asymptomatic
   Patients with Diabetes Mellitus ........................................ 97
   Paolo Raggi and Leslee J. Shaw

Part II Endocrine Hypertension and Cardiovascular Events

8 Renin-Angiotensin System ............................................. 121
   L. Romayne Kurukulasuriya and James Sowers

9 Microalbuminuria and Chronic Kidney Disease as Cardiovascular
   Risk Factors ............................................................. 149
   Pantelis A. Sarafidis and George L. Bakris

Part III Obesity in Cardiovascular Disease

10 Adiponectin and Cardiovascular Disease .............................. 171
    Medhavi Jogi and Mandeep Bajaj
Part IV Sex Hormones and Vascular Disease

11 Testosterone and Cardiovascular Disease ......................... 187  
   Allen D. Seftel and Dr. Spencer Land

12 Sexual Dysfunction and Cardiovascular Risk – Links and Solutions ...... 199  
   Glenn Matfin

Part V Of Interest

13 Natriuretic Peptides and Cardiovascular Regulation .................. 219  
   Kailash N. Pandey

14 Insulin-Like Growth Factors, Cardiovascular Risk Factors, and  
   Cardiovascular Disease ........................................... 239  
   Islam Bolad and Patrice Delafontaine

Index ................................................................................. 247
Cardiovascular Endocrinology:
Shared Pathways and Clinical Crossroads
