PART I  IN VITRO PROTOCOLS FOR STUDYING EXPRESSION
AND ACTIVITY OF CYCLOOXYGENASE ENZYMES
AND CHARACTERISATION OF THEIR INHIBITION PATTERNS

1 In Vitro Cyclo-oxygenase Expression and Activity Protocols:
Introduction to Part I ............................................................................................... 3
   Roderick J. Flower

2 Techniques Used to Study Regulation of Cyclooxygenase-2 Promoter Sites ....... 11
   Hiroyasu Inoue and Rieko Nakata

3 Purification of Recombinant Human COX-1 and COX-2 .................................. 21
   James K. Gierse

4 Cloning and Expression of Cyclooxygenase-1 and Cyclooxygenase-2 ............. 31
   Nicholas R. Staten and Beverly A. Reitz

5 Expression of Cyclooxygenase Isoforms in the Baculovirus Expression System... 45
   John C. Hunter, Natalie M. Myres, and Daniel L. Simmons

6 Peroxidase Active Site Activity Assay ................................................................. 55
   Kelsey C. Duggan, Joel Musee, and Lawrence J. Marnett

7 Study of Inhibitors of the PGH Synthases for which Potency
   Is Regulated by the Redox State of the Enzymes ............................................... 67
   Olivier Boutaud and John A. Oates

8 Different Methods for Testing Potential Cyclooxygenase-1
   and Cyclooxygenase-2 Inhibitors ...................................................................... 91
   Stefan Laufer and Sabine Luik

9 In Vitro Cyclooxygenase Activity Assay in Tissue Homogenates ...................... 117
   Samir S. Ayoub

10 Techniques Used to Characterize the Binding of Cyclooxygenase
   Inhibitors to the Cyclooxygenase Active Site .................................................... 121
    William F. Hood

11 In Vitro Assays for Cyclooxygenase Activity and Inhibitor Characterization .... 131
    Mark C. Walker and James K. Gierse

PART II  EXTRACTION AND MEASUREMENT OF PROSTANOIDs
AND ISOPROSTANES

12 Extraction and Measurement of Prostanoids and Isoprostanes:
   Introduction to Part II ......................................................................................... 147
   Paola Patrignani
13 Prostanoid Extraction and Measurement
   Lorenzo Polenzani and Samir S. Ayoub
   ........................................................................................................ 153
14 Measurement of 8-Iso-Prostaglandin F\textsubscript{2α} in Biological Fluids
   as a Measure of Lipid Peroxidation
   Stefania Tacconelli, Marta L. Capone, and Paola Patrignani
   ........................................................................................................ 165

PART III  IN VIVO MODELS TO STUDY INVOLVEMENT
OF CYCLOOXYGENASE PRODUCTS IN HEALTH AND DISEASE

15 In Vivo Models to Study Cyclooxygenase Products in Health and Disease:
   Introduction to Part III
   Derek W. Gilroy, Melanie Stables, and Justine Newson
   ........................................................................................................ 181
16 Protocols to Assess the Gastrointestinal Side Effects Resulting
   from Inhibition of Cyclo-Oxygenase Isoforms
   Brendan J.R. Whittle
   ........................................................................................................ 189
17 Cyclooxygenase Enzymes and Their Products in the Carrageenan-Induced
   Pleurisy in Rats
   Adrian R. Moore, Samir S. Ayoub, and Michael P. Seed
   ........................................................................................................ 201
18 Iloprost-Induced Nociception: Determination of the Site
   of Anti-nociceptive Action of Cyclooxygenase Inhibitors
   and the Involvement of Cyclooxygenase Products in Central
   Mechanisms of Nociception
   Samir S. Ayoub and Regina M. Botting
   ........................................................................................................ 207

Index ...................................................................................................... 217
Cyclooxygenases
Methods and Protocols
Ayoub, S.S.; Flower, R.J.; Seed, M. (Eds.)
2010, X, 218 p. 38 illus., Hardcover
A product of Humana Press
