PART I: APPROACHING DRUG–NUTRIENT INTERACTIONS

1 An Introduction to Drug–Nutrient Interactions .................. 3
   Joseph I. Boullata

2 Drug Disposition and Response .................................... 27
   Robert B. Raffa

3 Drug Transporters .................................................... 45
   Richard H. Ho and Richard B. Kim

4 Drug-Metabolizing Enzymes ....................................... 85
   Thomas K.H. Chang

5 NutrientDisposition and Response .................................. 119
   Stacey Milan and Francis E. Rosato, Jr.

PART II: INFLUENCE OF NUTRITION STATUS ON DRUG DISPOSITION AND EFFECT

6 Influence of Protein-Calorie Malnutrition on Medication ...... 137
   Charlene W. Compher and Joseph I. Boullata

7 Influence of Overweight and Obesity on Medication ............ 167
   Joseph I. Boullata

PART III: INFLUENCE OF FOOD, NUTRIENTS, OR SUPPLEMENTATION ON DRUG DISPOSITION AND EFFECT

8 Drug Absorption with Food ........................................... 209
   David Fleisher, Burgunda V. Sweet, Ameeta Parekh, and
   Joseph I. Boullata
Contents

9 Effects of Specific Foods and Dietary Components on Drug Metabolism
   Karl E. Anderson

10 Grapefruit and Other Fruit Juices Interactions with Medicines
    David G. Bailey

11 Positive Drug–Nutrient Interactions
    Imad F. Btaiche, Burgunda V. Sweet, and Michael D. Kraft

12 Interaction of Natural Products with Medication and Nutrients
    Lingtak-Neander Chan

13 Drug–Nutrient Interactions in Patients Receiving Enteral Nutrition
    Carol J. Rollins

14 Drug–Nutrient Interactions in Patients Receiving Parenteral Nutrition
    Jay M. Mirtallo

Part IV: Influence of Medication on Nutrition Status, Nutrient Disposition, and Effect

15 Drug-Induced Changes to Nutritional Status
    Jane M. Gervasio

16 Influence of Cardiovascular Medication on Nutritional Status
    Nima M. Patel and Anna M. Wodlinger Jackson

17 Influence of Neurological Medication on Nutritional Status
    Marianne S. Aloupis and Ame L. Golaszewski

18 Drug–Nutrient Interactions Involving Folate
    Patricia Worthington and Leslie Schechter

19 Drug–Nutrient Interactions That Impact on Mineral Status
    Sue A. Shapses, Yvette R. Schlusel, and Mariana Cifuentes

Part V: Drug–Nutrient Interactions by Life Stage

20 Drug–Nutrient Interactions in Infancy and Childhood
    Laureen Murphy Kotzer, Maria R. Mascarenhas, and Elizabeth Wallace

21 Drug–Nutrient Interaction Considerations in Pregnancy and Lactation
    Myla E. Moretti and Danela L. Caprara

22 Drug–Nutrient Interactions in the Elderly
    Bruce P. Kinosian and Tanya C. Knight-Klimas

Part VI: Drug–Nutrient Interactions in Specific Conditions

23 Drug–Nutrient Interactions and Immune Function
    Adrienne Bendich and Ronit Zilberboim

24 Drug–Nutrient Interactions in Patients with Cancer
    Todd W. Canada
25 Drug–Nutrient Interactions in Transplantation

Matthew J. Weiss, Vincent T. Armenti, Nicole Sifontis, and Jeanette M. Hasse

26 Drug–Nutrient Interactions in Patients with Chronic Infections

Steven P. Gelone and Judith A. O’Donnell

Index
